Women's Cell

The establishment of the Women's College in the rural-tribal area in 1994 is indeed a landmark achievement of Navchetan Trust. The Women Cell is constituted to maintain a harmonious atmosphere at the Institute and to enable women to pursue their work with dignity and reassurance. To instil positive self-esteem and confidence in the female students so that they can take the right decision in and for their lives. To develop apprehension among the students about the social, legal and constitutional rights of women in order to prevent gender discrimination. It incorporates the women's policy in general to promote the well-being of the female students, teaching and non-teaching women

staff of the college. The cell is also responsible to undertake the awareness programmes on gender sensitization as well as women rights. Women cell at our institution aims at empowering and orienting women to recognize their true potential and to aid them to attain their own stand in a competing world.
