This informal analysis is done in the beginning of the programme during orientation, through simple test, class work, assignment, extempore class test etc. Students are motivated to join activities as per their interest and need of present time.

Percentage of the students at entry level is quite lower than the other colleges, hence remedial coaching as well as extra classes are conducted. Many students are benefitted by this.

Advance learners are identified during orientation in the beginning of the programme. Regular, attentive and interested in co-curricular and extra-curricular activities are identified during the classroom interaction and through simple tests. Such students are motivated and involved in academic, extra-curricular activities. These students also play active role in various committee of student's council. Such students are motivated and provided platform to sharpen their performance.
