Establishment of Shree Rang Navchetan Mahila Arts College is a welcoming step in the direction of streamlining the institutions of higher education in Tribal Block and especially for girls that belong to tribal block.

It is the sole aim of institution to make them aware of the specific role they are expected to play, especially in the wake of the kaleidoscopic changes that the world has been witnessing in the socio-economic sphere over the years.

In the present times, no country can afford to think of its own welfare, unmindful and unaware of the interests of the rest of the world. Any plan or action in the direction of making a particular country self-reliant or self-sufficient, both socially and economically, has to be viewed in the global perspective. **Our commitment to the cause of empowering women came to be reaffirmed. As our Higher Education institute is located in tribal rural areas of agrarian society, we feel that, we have to continue to play a very significant role in molding the female psyche of our tradition bound society.**

Dear Parents and students,

It is a matter of great honour to be a part of Navchetan Family: an institute which is epitome of knowledge, wisdom, integrity and cultural diversity. Education plays a major role in dissemination of culture which is achieved from one generation to another. Cultures can potentially have a great impact on education as well as social change.

The main function of the educational system is to impart cultural heritage to the new generations. Education preserves unity amongst mankind through culture. Hence culture and education are interwoven with each other. Culture lays the path for education while education is responsible for flavouring the cultural values in life. Therefore, both are interwoven in various ways.

As **Rabindranath Tagore emphasized in his famous epic **Gitanjali** ‘**Where the mind is without fear and the head is held high; where knowledge is free...**’, the college has adopted this in letter and spirit. The Academic & Administrative members are eager to guide students throughout their academic journey in the college. Personality development, sports, curricular & extracurricular activities, guidance of competitive exams are inherent components offered by college to the students.**

Let us build a strong nation by building strong character of the future generation through vision and mission laid by the Founder, Visionary & Ingenious (Late Shri Harisinhji Mahida & Muljibhai Sayaniya as well as Shri Kesrisinhji Sayaniya**) of the Institution.**

Education is a continuous process and is not bounded by the constraints of time and space. An educational institute facilitates this lifelong phenomenon and for this we need Gurus who transcend the boundaries of the syllabi and transport the young, impressionable minds into a realm where learning is fun and natural.

At Shree Rang Navchetan Mahila Arts College, Valia, we aim to empower women of our nation. They are equipped with skills that are essential for the twenty first century. They are also made sensitive towards the environment that has to be preserved not just for our betterment, but for the future generations too.

At our institute, we create a climate of trust amongst the staff members as well as amongst the faculty members and students. This helps to unleash their talents and create an environment of openness and reverence. The classroom is a temple where values are worshipped and knowledge is adored. The scholastic and co-scholastic activities aim at the all-around development of the students. The framework of discipline is such that the students remain focused but at the same time do not feel restricted to express themselves or to demonstrate their curiosity.

We cater to one and all by going beyond the differences of region or class. The teachers devote special time and attention to those that come from a rural & tribal background and have learning or personal difficulties.

We ignite the sparks of creativity and confidence through a warm and inclusive environment that encompasses all.
